

## Burton Bradstock CE Primary School Local Governing Body Members 2016-7

The members of the Governing Body come from a wide range of backgrounds and have very varied skills and experience – from the world of education and outside. All continue to undergo training, especially in areas of governance in which they have a particular interest. All are linked to particular aspects of the School and monitor progress towards the School's Development Plan. Some, in addition to their role as a governor, give time to the School to provide support for learning.

Julia Handyside	Parent Governor	08.10.2016	Julia moved from Mallorca in the summer of 2011 with her three children, two of whom attend Burton Bradstock Primary and her eldest who attends secondary school. Having been extremely amazed and grateful for the progress that the girls made, coupled with the fact that she also has an interest in primary education, she volunteered to become a parent Governor in September 2012. She trained as a Nursery Nurse teacher and used the training working all over the world whilst travelling in her younger days. She then worked on Motor Yachts before settling down in Mallorca to be 'a Mum at home' which she still is, here in West Bay! Jules is the joint safeguarding governor and has been trained in this role.
Sarah Sewell	Parent Governor	21.02.2021	Sarah has been a parent at Burton Bradstock for 4 years and has two daughters in Year 4. Sarah has always been amazed at the number and wide range of activities and opportunities the school manages to offer the children, especially bearing in mind its small size, from music and sport, to day trips and residential stays away from school. Sarah has always been involved in helping at the Friends' fund raising events and is now keen to learn more about the 'behind the scenes' operations and the challenges the school faces. Sarah works full time for Dorset County Council as a Programme Manager and hopes to be able to bring the 'working family' perspective to the Governing Body.

She joined from St Mary's School in Beaminster and initially taught years 3 and 4 but has more recently moved to teach years 5 and 6. She has completed her middle leadership training and brings to the governing body her understanding of the school environment and especially, IT/computing issues (she is the subject leader), the new curriculum, assessment and target setting.
