

Dinosaur Planet

Stomp, crash, roar! Watch out – there are dinosaurs about! Yes, that’s right, we’re travelling back in time to the age of the dinosaurs.

This half term, we will look closely at ancient fossils and study reptiles to understand how dinosaurs may have lived and eventually died out. We’ll learn about the great fossil hunter, Mary Anning, and follow in her footsteps, studying dinosaur teeth and bones to find out what dinosaurs liked to eat. Learning dinosaur names, creating puzzling riddles and writing fantastic fact files are some of the other activities we’ll be involved in this half term. We’ll also use our artistic skills to make model dinosaurs and to design dinosaur landscapes.

ILP Focus	History
English	Poetry and riddles, Stories (Talk for Writing)
History	Events beyond living memory, Mary Anning
Art and design	Large and small-scale modelling
Computing	Programming a floor robot, stop-motion animation
D&T	Designing and making
Geography	Locating continents and oceans
Mathematics	Measurement, Addition and Subtraction, Shape
Music	Percussion
PE	Dance, games
Science	Plants and animals
RE	Christianity - What is the good news that Jesus brings?

Help your child prepare for their project

Dinosaurs are fascinating! Why not visit the library, choose some dinosaur books and practise reading and writing dinosaur names together? Alternatively, research amazing dinosaur facts together online. You could also make a mini Jurassic Park from cardboard boxes and craft materials to make model dinosaurs feel at home!
